Science Scholarship Award Program Guidelines

The Ford Amateur Astronomy Club wishes to encourage student participation and excellence in science related education. As such, each year the Club will issue a limited number of monetary awards, from \$200 - \$300, to students selected based on the guidelines outlined below. While our financial resources are not great, we would like to show our appreciation to those students who have chosen a science related field of study and who put forth special efforts to excel.

This program is available to graduating high school seniors residing in the six Detroit metropolitan counties of Wayne, Oakland, Macomb, Washtenaw, Livingston, and Monroe. The graduating senior must be seeking a Bachelor of Science Degree in a science related college curriculum. The student can use the award to cover educational expenses as appropriate.

The attached application form must be submitted to the Ford Amateur Astronomy Club at the address shown above, between September 1 and March 31 preceding the date of graduation. The student shall include a short outline in essay form not to exceed 300 words (one page) with the following:

1. Your personal reasons for pursuing the science field
2. How you feel that science impacts mankind
3. What you would specifically like to accomplish

Award recipients will be chosen based on the student's overall accomplishments, objectives, and the essay's creative appeal. Award recipients will be notified by April 30. Awards will be presented at a Science Scholarship Awards Presentation to be held thereafter. Recipient's names will be listed in the June issue of the FAAC Star Stuff Newsletter, and award winners will receive a copy of that newsletter. The Club reserves the right to discontinue the program at any time.

FAAC Science Scholarship Award Application Form

Student's Name:

Full Address:

Phone No.:

High School Attended:
(Include Address and Phone No.)

High School Curriculum:

High School GPA:

Extra Curricular School Activities:

Awards Received:

Other Activities, Hobbies, Sports, Etc.:

College:
